More installation options.
More accessories.
More flexibility.

More for you – right from the start

Developed for customers
who need more.

NEW

Now with Android™

The VMT9000 series works reliable even in the most challenging environments and is characterized by a particularly compact and extremely rugged design.

The touchscreen is IK09 specified and therefore extremely break- and abrasion-resistant. The sunlight readable display allows a trouble-free readability in difficult visibility conditions and places.

VMT9000 series
